2022**

IT TAKES SISU*

...TO BE FIRST ON AND LAST OFF SNOW. CONDITIONS ARE OFTEN FIERCE. AND WE WOULDN'T WANT IT ANY OTHER WAY.

WITH THE RIGHT GEAR SISU COMES EASIER. SINCE 1968 THE ORIGINAL LYNX GEAR HAS BEEN MADE TO ENDURE HEAVY USE FOR MANY YEARS AND ADVENTURES TO COME, JUST LIKE YOUR ORIGINAL LYNX SLED.

**Sisu is a Finnish concept described as stoic determination, tenacity of purpose, grit, bravery, resilience, and hardiness and is held by Finns themselves to express their national character.

SQUADRON

Make the most of your winter!

The original Lynx Squadron riding gear offers you the best functional performance for all your winter activities. With both practical and trendy options, the Squadron range has you covered for work, play and day-to-day living.

FOLLOW YOUR TRIBE. CUT YOUR OWN TRAIL.

There are Lynx riders, then there's everyone else. The original Lynx Squadron riding gear marks you as one of the tribe.

We follow trends but are never slaves to style. We know what looks good and what works. What you need for the ride: Warmth without bulk. Tough fabrics. Sealed seams. Ventilation.

Now all you need to do is zip up and hold on tight. It's playtime.

Complete styles for extra warmth with Lynx Packable jackets or Lynx Hybrid jacket and Lynx Hybrid Shorts

TECHNOLOGIES

OUR RIDING GEAR AND TECHNICAL WEAR ARE BUILT WITH ADVANCED TECHNOLOGIES THAT PROTECT YOU WITH WARMTH, WATERPROOFNESS, LIGHTWEIGHT AND BREATHABILITY.

REINFORCEMENT FABRIC

Often added to garment zones that need extra durability, such as arms, back hem, inner legs, and crotch for tough yet flexible comfort.

TEFLON DWR®

More than an ordinary DWR (Durable Water Repellent) - the Teflon DWR used on Lynx gear repels water, oil and dirt to keep riders dry and protect against stains.

PRIMALOFT®

A high-performance insulation with the full spectrum of benefits to brave the elements. Warmer, drier, softer and more compressible than any other synthetic insulation.

YKK

We use the world's best - YKK zippers - recognized for quality and reliability.

E LINQ CONNECTOR SYSTEM

Some of our Lynx jackets have provisions built in for a heated shield wire - riders can leave the wire in the jacket securely fastened and out of the way.

RPM/RPM MAX

Coatings that provide maximum waterproofness, windproofness and breathability.

RPM Max: All seams & logos sealed

RPM: Critical seams & logos sealed

COMFORT IS FREEDOM

The PrimaLoft® logo is your cue that you're getting the highest performing materials for comfort in any condition.

Warmth without bulk
A high warmth-to-weight ratio means you don't need bulk to stay warm

Water-resistant
Absorbs less moisture from the start so you stay drier and warmer

Packable
Packs down easily for stashing in tight spaces

Lightweight
All the warmth you need with little weight

Superior softness
Enjoy unsurpassed softness that feels great on your body and contributes to a flattering fit

TEC LAYER

Stay warm and dry in extreme conditions

Using high performance fabrics and insulation, the Lynx Tec-Layer product range offers a combination of moisture management, warmth, packability and protection in changing weather conditions and multiple activities. The original Lynx baselayers together with insulated lightweight Lynx midlayers give you the degree of adaptability, that will keep you comfortable during your toughest snowmobiling adventures.

CONDITIONS CHANGE FAST. KEEP UP OR GO HOME.

Out in the elements nature's the boss. Too hot or cold? Ride's over. The original Lynx Tec Layer range gives you climate control.

Three layers. Three functions:

- Base:** for warmth
- Mid:** for adaptability and insulation
- Outer:** for weather protection

Pack them up and go. Wear one, wear them all. There are no rules. Just you, your sled and nature's toughest trails.

HOW TO LAYER RIGHT

– HOW TO DRESS TO MAKE THE MOST OF YOUR WINTER!

Enjoying the winter is often just a matter of dressing up. The Lynx clothing lineup offers a wide range of options for wearing comfortable layers. Make sure that you stay comfortable and that you are dressed for the conditions and the temperature – both on the snowmobile and in other winter activities.

1 Wearing properly layered clothing starts with a **high-quality base layer.** A base layer of merino wool or technical fibers wicks moisture to the outer layers and keeps the skin dry, ensuring that you stay warm.

2 The **mid layer helps to regulate the body temperature.** You can add or take off mid layers depending on the weather and your activity level. For example, the Lynx Hybrid jacket and shorts are designed for active riding in freezing weather. The Primaloft insulation used in the Hybrid products keeps you warm, while a set of strategically placed stretch channels ensures that moisture is actively wicked out through the outer layer. Lynx clothing lineup offers three new insulation jacket options and other mid layer products that make sure that your riding experience is enjoyable in all conditions.

3 **Insulated layer.** Add or adjust the warmth with insulated layer. Insulated jacket protects from the elements with additional warmth. Insulated jacket can be used alone or under shell jackets. Lynx offers down insulated packable jackets and Hybrid jacket and shorts for ideal layering.

4 Choose the **outermost layer based on the temperature, the length of the trip and your riding style.** You can choose from a wide range of one- and two-piece suits. The high-quality materials of Lynx clothing range's outermost layer protect you from the wind and water, while also taking care of breathability and temperature regulation. We use Sympatex and RPM Max membranes in the outermost layer. They have been selected and tested with care to meet the needs of demanding riders and other winter sports enthusiasts. The season's new outer layer items include one-piece suits for men, women and children in the Lynx Squadron lineup.

WINTER'S NOT A SEASON. IT'S A LIFESTYLE

When snow turns to slush and trails turn to tracks, it's time to train. In the gym. On the bike. Counting down the days to that first fresh fall.

The original Lynx Active range sees you through off-season, dialling up the technical details that keep your engine running all year round.

Muscles burning. The sting of ice on skin. You can almost feel it. Not long now. Winter is coming.

ACTIVE

LIVING FOR THE RIDE. ON OR OFF THE SNOW.

Passion for the ride doesn't die when you park your sled. It's in your blood. Your soul.

The original Lynx Sports takes that spirit from slopes to street, with a range of pitstop-inspired casualwear for your free time.

Hanging out with your tribe. Buzzing from your last big ride. Plotting the next one.

Wherever you are, with Lynx you're always adventure ready.

SPORTS

Take your Lynx spirit to the streets!

When riding is a lifestyle, it doesn't stop when you park your sled. Keep your casual style on point with the original Lynx Trendy Sportswear – a range of comfortable and hardwearing clothes in edgy, urban style.

Interchangeable lens technology gives you the option to change lenses out on your goggles. Having the option to easily swap lenses if the weather takes a turn means the option to customize your goggle for the most optimal visual experience!

HOW TO CHOOSE LENS COLORS?

On brighter days, a darker or mirror lens will help to protect your eyes more from the harsh reflections of the sun on the snow. Flat light conditions require a lens that will allow more light through so you can use all the available light to your advantage. Medium tint lenses are made to be adaptable to a variety of

conditions. Lightly tinted lenses allows as much light in as possible and provides you with enhanced contrast throughout those darker days and snowfall. Clear lenses also for snowfall and dark conditions.

All Radien lenses are UV (UVA/UVB) protected.

Smoke
VLT 6.83%

Smoke lens tint ideal for very bright and sunny conditions.

Fire mirror
VLT 19.94%

Amber base lens tint with multi-layer red mirror designed to filter out blue light for enhanced shadow contrast in moderately flat light conditions.

Fire mirror
VLT 19.94%

FOR ENHANCED SHADOW CONTRAST
Amber base lens tint with multi-layer red mirror designed to filter out blue light for enhanced shadow contrast in moderately flat light conditions.

Yellow
VLT 61.65%

A vibrant lens tint with light silver mirror that increases visual acuity in extremely flat and low light conditions.

Gold
VLT 74.13%

Light rose base lens tint with a multi-layer gold mirror enhances color definition and increases depth perception in varying levels of low-light conditions.

Yellow
VLT 61.65%

A vibrant lens tint with light silver mirror that increases visual acuity in extremely flat and low light conditions.

Clear
VLT 83%

The ideal lens for dark, night-time use and snowfall conditions.

Yellow
VLT 61.65%

A vibrant lens tint with light silver mirror that increases visual acuity in extremely flat and low light conditions.

Clear
VLT 83%

The ideal lens for dark, night-time use and snowfall conditions.

BACKCOUNTRY ACCESS

THE MOST TRUSTED NAME IN BACKCOUNTRY SAFETY

NEW

LYNX BC LINK RADIO 2.0 EU

669157_90 Black

One size

The BC Link™ Two-Way Radio 2.0 is our next generation radio with 2 Watts of power for increased usable range. Smart Mic grill is impervious to packing with snow. On/off/channel selection dial switch is protected from inadvertent channel changing. Comes with long-lasting built-in rechargeable lithium-ion battery, durable cord/base unit, and new battery percentage power display. Integrates into all Float avalanche airbag and Stash backpacks.

Find separated friends, communicate plans, stick your line, and share observations in real-time with the BC Link group communication system. The Smart Mic user interface is located at your fingertips: to change settings, no need to dig the radio from your pack. The battery lasts for several days without recharging, even in cold temps. Link 2.0 improves on our current system, with more power, more durability, and more weather resistance.

BCA TRACKER 3 TRANSCEIVER

6691580090 Black

HOW TO MEASURE

HEIGHT: without shoes, standing with heels and back against a wall.

HEAD: around your head, from the center of the forehead, above the ears and over the natural bump at the back of the head.

ARM LENGTH: let the hands hang down on the side in a slightly bent position. Measure from the center of the back of your neck, along the length of your arm, to the wrist.

CHEST: measure under your arm, around the fullest part of your chest.

WAIST: immediately below the lowest rib.

HIPS: across the fullest part of the seat.

INSEAM: without shoes, from crotch to the floor.

GLOVES: Measure palm width.

BOOTS: Foot length from heel to toe.

- For best results, have someone else take measurements.
- Measure body in underwear.
- Tape must be snug but not tight.
- If measurements fall between two sizes, order the larger size.
